Pulse Tool Innovation

Atlas Copco

**GOOD FOR YOU, YOUR OPERATORS,
AND FOR YOUR COMPANY'S BUSINESS**

THE NEW GENERATION OF PULSE TOOLS

Tired of servicing your tool too often?
Interested in having a faster production line?
Do you want to have high operator comfort?
Don't look further... We have designed the
new PTI Pulse Tool with your needs in mind!

The PTI will reduce your total cost of owner-
ship and give you increased value. Here's how:
it reduces the need of maintenance, it improves
the production quality and throughput, and it is
designed with superior ergonomics.

5x Longer time between service

... with our DuraPulse® technology. The PTI will be your new
work horse that reduces the need of maintenance and spares¹⁾

Faster production

... with our TorqueBoost®. The torque built-up is even
faster, giving you reduced hours per production unit

Excellent ergonomics for the operator

... to reduce work related costs due to
operator fatigue and injuries

Improved quality

... with a more robust and stable
shut-off mechanism

Complete low air pressure range

... to suit different air installations
and environments

¹ Up to 5 times longer time between service, depending on application.
